

## 01/02/2007 – The Calling!

On January 2, 2007 I saw a strange looking cloud in the sky. I was compelled to take a picture of it. As I was examining it later I saw a profile shot of my own face, eyes closed, mouth open as if I am sleeping! This was a complete shock! I am looking to the left, eyes closed as if sleeping, eyebrow above, goatee and open mouth.

This was to get my attention - so that I know that He was talking directly to me! When I saw it I was actually shaken.

Included in this picture is a man with upraised hands, as if he is praying to or praising The Lord! ( I erased the excess clouds and changed the contrast so that these things can be seen more easily.)

I began asking “Lord, what is it that You want me to do? What is it that You want me to do? I see my face in the sky! You are calling me - What are You calling on me to do?” I began fasting one to two meals every day and constantly praying to Him to show me what to do. The prayer and fasting continued until March 20, 2012.
